## VASAB Stakeholder Workshop 2018

### Achieving coherent and sustainable development of macro-region Unique team-work of the countries around the Baltic Sea

#### Agenda

15 May 2018

**Venue:** Permanent Representation of Finland to the EU  
Avenue de Cortenbergh, 80, Brussels, Belgium

Many know that Baltic Sea Region had the first macro-regional strategy in the European Union. But not so many realize that macro-regional cooperation in the Baltics takes place for many decades.

What is the added-value of macro-regional cooperation? What are the benefits of common actions and mutual knowledge as the main pillars fostering coherent and sustainable regional development in three themes: **urban networking** and **urban-rural cooperation**, **internal** and **external accessibility** and **maritime spatial planning**? What are the future challenges and opportunities for macro-regional cooperation after 2020? These will be the main topics for discussion of the VASAB workshop on 15 May 2018.

**VASAB** (“Vision and Strategies around the Baltic Sea”) is intergovernmental multilateral cooperation of 11 countries of the Baltic Sea Region in spatial planning and development, both EU and non-EU countries guided by the Conference of Ministers responsible for spatial planning and development, steered by the Committee on Spatial Planning and Development of the Baltic Sea Region (CSPD/BSR) composed of representatives of respective ministries and regional authorities (Germany, Russia).

VASAB cooperation is the first macro-regional collaboration in Europe dealing with territorial development, common vision and joint actions of the region. It was founded in 1992. On 2009 it agreed on Long-Term Perspective for Territorial Development of the Region.

**Policy makers** and **stakeholders** involved in macro-regional development and cooperation concerning urban planning, accessibility and maritime spatial planning at EU, macro-regional and national level are invited to participate in this workshop. It also addresses the **practioners** and **researchers** interested in macro-regional topicalities.

Workshop moderator: *Janne Antikainen, MDI*

13:00-13:25	<i>Registration &amp; welcome coffee</i>
	<b>Welcome addresses:</b>
