

Erasmus+

Strategic Partnership For Marine Spatial Planning

Kerstin Schiele & Malena Ripken

IOW – Leibniz-Institute for Baltic Sea Research Warnemünde, Germany

COAST – Centre for Environment and Sustainability Research, University of Oldenburg, Germany

Connecting Seas Conference 13-14 Feb 2019, Hamburg

DE

Need for education in marine spatial planning

BONUS BASMATI
Baltic Sea Maritime Spatial Planning
for Sustainable Ecosystem Services

- how to **evaluate planning options** and effects on **ecosystem services** ?
- Case study: aquaculture

Need for education in marine spatial planning

- marine protected areas:
functioning networks for habitats ?
- Case study: Benthos SW-Baltic Sea

Erasmus+

Strategic Partnership for Marine Spatial Planning

- including knowledge on marine ecosystems and spatial planning in higher education

Aims:

- **common** European higher **education agenda** for MSP
- exemplified for the **North Atlantic, North Sea and Baltic Sea region**
- promoting **transnational cooperation** in MSP education
- involving **practitioners**

Erasmus+

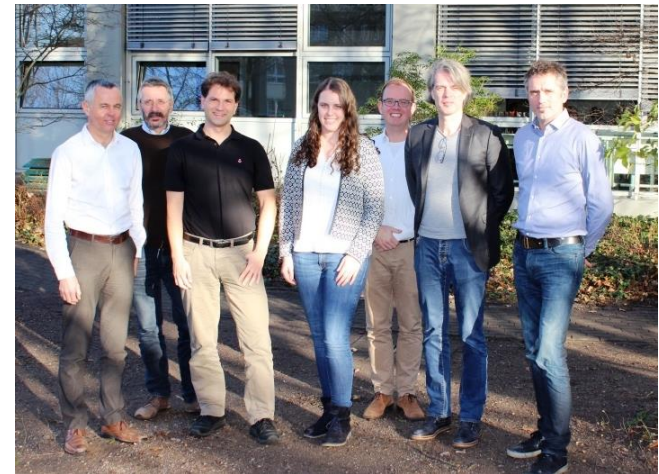

Strategic Partnership for Marine Spatial Planning

➤ Partner

Associated Partners:

- MSP Research Network
- Nordregio
- VASAB

MSP Handbook

- MSP Education Content
- Skills development
- Teaching Methods
- Assessment

**A PRACTICAL HANDBOOK
FOR DEVELOPING AND IMPLEMENTING
A HIGHER EDUCATION FOUNDATION MODULE
ON MARINE/MARITIME SPATIAL PLANNING**

**Erasmus+ Strategic Partnership
for Marine Spatial Planning**

Stephen Jay
with contributions from Igor Mayer, Thomas Klenke,
Kerstin Schiele, Brice Trouillet and Malena Ripken

2017

The creation of these resources has been funded by the ERASMUS+ grand program of the European Union under grand no. 2016-1-DE01-KA203-002909. Neither the European Commission nor the project's national funding agency DAAD are responsible for the content or liable for any losses or damage resulting of the use of these resources.

Teaching Methods

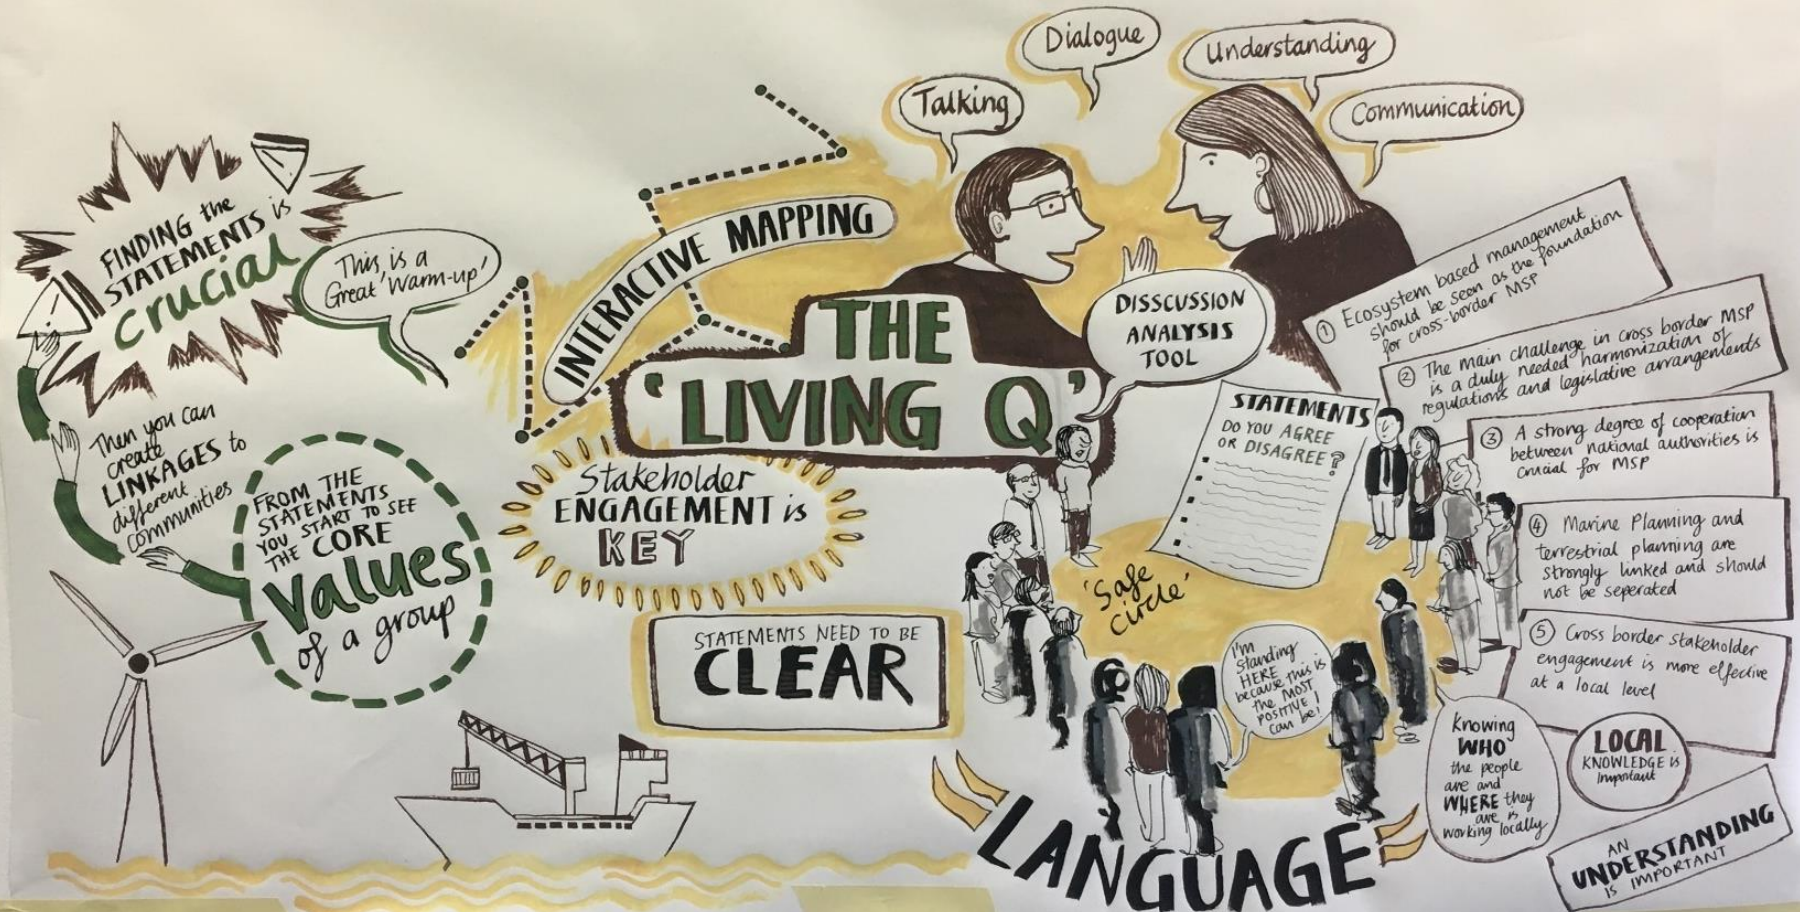

Serious Gaming

To deepen mutual understanding and to explore and integrate new ideas and solutions.

MSP Challenge

Teaching Methods

Activities

MSP Road Show

*March 2018
Oldenburg, Germany*

MSP Summer School

May 2018 - Breda, NL

**MSP International
Thesis Program**

*NEXT...
25Feb-1stMarch 2019
Nantes, France
13-17 May
Liverpool, UK*

Benefits

Sustainable project outcomes by

- **Common** education **agenda**
- Exchange of **knowledge**
- **Mobility** for students and lecturer
- **Transdisciplinary** approaches on a **transnational** level
- Involvement of **practitioners & researchers**

*fostering
mutual
understanding...*
