

NEWSLETTER

AUGUST 2020

Dear VASAB friends,

This newsletter meets you at the very end of the summer 2020. We are here with our exciting news about the next BSR spatial planning webinar within the Lithuanian Chairmanship, with new events from EUSBSR Horizontal Action 'Spatial Planning' as well as new accomplishments from the Capacity4MSP project platform. Enjoy!

Lithuania Takes Over VASAB Chairmanship

The VASAB Committee on Spatial Planning and Development of the Baltic Sea Region (VASAB CSPD/BSR) is chaired by Lithuania from 1 July 2020 to 31 December 2021.

VASAB CSPD/BSR is chaired by **Mr. Dainius Čergelis**, Head of Construction and Territorial Planning Policy Group of the Ministry of Environment of the Republic of Lithuania, together with **Mrs. Algimantė Treinienė**, Senior Advisor of Construction and Territorial Planning Policy Group of the Ministry of Environment of the Republic of Lithuania.

Recap & Presentations

For the first time VASAB together with its Danish Chairmanship in June this year organised a webinar on sharing the knowledge where representatives from VASAB member countries pitched the latest news regarding national spatial planning issues in the Baltic Sea Region (BSR).

Spatial planning experts and enthusiasts who attended the webinar had also an

opportunity to learn more about VASAB involvement in various projects, to discuss the findings from assessments on national spatial planning systems in Denmark and Estonia, to find out about the decision making tool for the comprehensive plan of the territory of Lithuania, as well as to have a glimpse into possible future via 3 alternative scenarios of maritime areas in 2050.

Revision of the EUSBSR Action Plan

National Coordinators of the EU Strategy for the Baltic Sea Region (EUSBSR) have approved the revised Action Plan of the EUSBSR in their online meeting on 29-30 June this year. The revised Action Plan is expected to come into force in the beginning of 2021.

In the revised Action Plan 14 Policy Areas cover 44 Actions, climate change and cooperation with neighbouring non-EU countries are mainstreamed as horizontal aspects in all policy areas. Also Horizontal Action 'Spatial Planning' is transforming into a Policy Area.

Join Workshop on Spatial Scenarios

To discuss the benefits and opportunities of spatial scenarios as a method in planning, VASAB together with Spatial Foresight, Nordregio and Finnish Ministry of Environment organises a workshop 'Where Land and Water Meets in the Baltic Sea Region 2050'. Workshop will be organised online on September 15, 2020.

Workshop will raise awareness about the possible future for the BSR and the interplay between maritime and spatial developments. During workshop 6 possible future scenarios will be presented and a

The overall goal of the PA 'Spatial Planning' is to increase territorial cohesion in the BSR. In 2030, the Region shall be better integrated and more coherent macro-region, has reduced socio-economic development divides between its individual parts and has turned global challenges into assets.

New Flagship in the EUSBSR Family

Capacity4MSP project platform has been granted Flagship status by the EUSBSR under the Horizontal Action 'Spatial Planning'. The decision was made at the online meeting on 29-30 June by the National Coordinators of the EUSBSR.

The flagship status shows that Capacity4MSP is leading the way in strengthening capacity of maritime spatial planning (MSP) stakeholders, policy- and decision-makers across the Baltic Sea Region and improving cross border cooperation in MSP.
