

Project platform Capacity4MSP organises cross-sectoral dialogue & workshop:  
**Tackling land-sea interactions on the way towards Blue Growth in Baltic Sea Region**

Objectives of the workshop:  
 to present & discuss ideas on multi-level governance aspects for managing land-sea interactions with the aim to foster and strengthen blue economy in the coastal areas.

As participants we invite MSP planners and authorities; regional & local representatives of governance from coastal areas with interest in themes of coastal and marine tourism, offshore wind parks, cultural heritage; researchers; representatives of different sectors (offshore energy, tourism) as well as sectoral experts.

Place & date: **online platform on the 3<sup>rd</sup> of March 2021.**
